

DEMO VIDEOS FOR ICT RESOURCES

To all Teachers in Waterford Teachers' Centre Catchment Area

Teachers, to support you in your online engagement with your pupils, **Tomás McLoughlin, ICT tutor for WTC**, has created 2 demonstration videos of free ICT resources that you can watch and then try out at your leisure.

Here is the link for both videos:

These resources have been found to be really helpful in the facilitation of online learning for pupils and allows teachers to interact with their pupils while also monitoring their progress.

The resources are 1. **EPIC** – a remote teaching resource for teachers and 2. **Kahoot** - an online assessment tool for teachers.

Take care.
